**Wear Pleats**  
NOVA SEAL

Three sizes of wear pleats gives added wear resistance

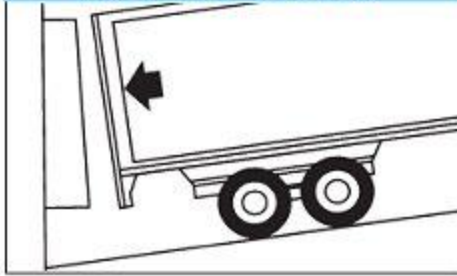

9" Exposure

18" Exposure

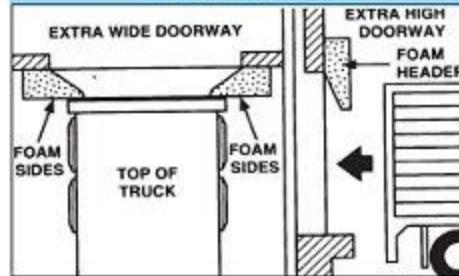

18" Exposure

## Tapered Foam Seal

**IF AN** inclining or declining ramp is a problem, NOVA SEAL offers a solution. Sides of foam seal can be tapered to match the angle of the ramp.

## Beveled Sides or Header

**WHERE** foam seals cannot be mounted inside doorways, or door frames are too wide or high, beveled foam sides and head pad can be used to seal the gap.

## Available Fabric Colors
