

**Commercial Garage Door Installer - American Door Works Willmar**  
**Minimum starting wage of \$20 per hour or higher BOE**  
**Entry level position to get your foot in at a great company!!**

**If you're past attendance record is spotty, you've changed jobs quite frequently, you wait to be told what to do, and your mechanical aptitude & capabilities are lacking.....this job is not a good fit for you.**

For over 50 years, American Door Works has been and still is the industry leader in the installation and service of residential and commercial garage doors in greater Minnesota. **American Door Works has paid its employees over \$2.4 million from the company incentive program over the past 5 years!** This family-owned company takes great pride in the service and satisfaction that we provide to our customers from the initial sale to the completed installation or service. In keeping with this 50-year tradition, we are seeking a mechanically inclined individual to join the team as a **Commercial Garage Door Installer** at our Willmar location.

The **Commercial Garage Door Installer** will work with a Lead Installer and is the installation technician for various commercial garage doors and garage door openers. Most work is done on newly constructed or remodeled commercial or agricultural buildings or replacement of existing door systems to the same. You will be working on farms, industrial complexes, commercial construction sites, grain elevators, fertilizer plants, and department stores. You will be out in the elements; hot days of summer can be even hotter in a metal shed and the cold days of winter can feel colder in that same shed.

**This position will work during the day shift, Monday – Friday. Good attendance and punctuality are a must for this position and you must be mechanically inclined with hand & power tools. We'll train those qualified candidates on properly and safely installing commercial garage doors.**

The ideal candidate for this position will have a working background in carpentry, handyman, or as a construction laborer. Must have a current & valid driver's license and be able to obtain a DOT health card. Must be able to pass a company drug test, criminal background check, and lifting physical. Must have good mechanical aptitude & capabilities and demonstrated ability to understand and work with common hand and power tools. Must be able to lift up to 100 pounds frequently and carry for up to 50 feet. Able to work at varying heights inside a scissors lift or on a ladder. Must have manual dexterity in both hands, which allows the use of hand & power tools and to grasp nuts, bolts, hinges, and other necessary items to complete assigned jobs. Previous welding experience is desired but not a requirement.

American Door Works is the original family-friendly company that understands the need to balance home and work; we've been proving this for over 50 years. If you are not afraid of hard work, will show up for your regularly scheduled shift, and want to be part of a growing team; we'll treat you better than your family. **We offer a competitive starting wage that is commensurate to your previous work experience but at a minimum of \$20 per hour.** Our benefit package includes 401(k) plan and annual incentive bonus, paid vacation, and paid holidays. We also offer health, dental, short-term disability, life insurance, and company-paid long-term disability insurance.

Qualified candidates should email their resumes or stop in and complete an application at American Door Works, 1301 East Hwy 12, Willmar.
