# 2000 series

2000 Series / 2" thick / R-17.66

2073 in sahara tan  
with colonial windows

2060 in sandstone with  
6 pane arch windows

2010 in bronze

A **Full Thermal Break** is used in the tongue-and-groove construction of all 2000 series doors. This rigid vinyl extrusion seals the joints and eliminates metal-to-metal contact, which limits the transfer of temperature.

## Built to Last.

The 2000 Series residential garage doors are not just beautiful, but are among the most energy efficient doors in the market, featuring a calculated R-value of 17.66. The 2000 Series doors are 2 inches thick, manufactured with heavy gauge galvanized steel that incorporates the look of embossed wood grain, and filled with dense CFC free polyurethane foam insulation.

A full line of panel styles and window options are also available. Quality, service, and pride in workmanship are what make Haas doors the best value available on the market. So much so, that each door is backed by a Lifetime Limited Warranty. Imagine the curb appeal our 2000 Series doors will add to your home!
